1962 CO-INTRODUCTIONS

BLUE REJOICE—(Dubes & Young '62) Midseason. Seedling No. 55-51-2 (Snow Flurry X Azure Skies) X Soo-Preme Sue) 36". Here is a new true light blue self that has charm and personality. It is a wonderfully formed flower with ruffling on both standards and falls. The beard is gold. H. C. '61. **Net**\$25.00

EVENING JEWEL—(M. Olson '62) Seedling No. 58-4A (Night Patrol X Sable Night) Aconite Violet (Wilson 937/2). Standards are closed and slightly overlapping. Semi-flaring falls are of a deeper aconite violet (Wilson 937) with a clean wide haft enhanced by a brown beard. The slightly ruffled 6" blooms are nicely placed on sturdy 36" stalk. Good substance. Mid-season. Excellent breeder for blacks. H. C. '59 **Net** \$25.00

HEAVENLY DELIGHT—(M. Olson '62). Seedling No. 58-19A (Violet Harmony X Muted Music). This gorgeously ruffled beauty is a cerulein blue (Wilson 46/2) self, except for a $\frac{3}{8}$ " of cobalt blue (Wilson 44/2) on the semi-flaring falls. Upper portion of falls shade to near white. Wide haft sports a lemon-yellow beard. Beautifully proportioned, heavy substantced 7" blooms, ideally spaced on sturdy 38" stalk. Midseason. **Net**\$25.00

ROYAL RANSOM—(D. Palmer '62) (Thoimes III X (Golden Majesty X Ola Kala) X (Ranger X Bryce Canyon). A rich brilliant golden yellow self with heavy matching beard. This Iris has lovely form, great breadth of petal and excellent substance with rather a velvety texture. Has moderately ruffled semi-flaring falls with clean hafts and well held conic standards. There is a scarcity of wide deep toned yellows and royal ransom should be a welcome addition to that class. It's valuable also in extending the Iris season for it blooms late. 35-inches. H. C. '60. **Net**\$25.00

SOPHISTICATE—(D. Palmer '62) Seedling No. 32-58C (Celestia X Her Ladyship). A complete self of dark violet. It's a graceful ruffled excellently formed flower with heavy crisp substance. Has wide semi-flaring falls and full swirled standards. The large blooms are ideally placed on tall well branched sturdy stalks. An excellent parent and a good performer. Midseason. 37-inches. H. C. '60 and H. C. '61. **Net**\$25.00

WILD ONE—(E Hill '62) 36" midseason. (Inca Chief X Ebony Echo Seedling). Medium size blooms, standards orange-yellow, falls orange-yellow with heavy red stripes extending from the orange-yellow beard. These stripes come within a quarter-inch of the edge of each fall. This novelty at a distance gives one the effect of a orange and red variegated. Form semi-flared ruffled with good substance and branching. Due to the large stock on hand we are placing a low introduction price so everyone can share in this novelty. **Net**\$5.00

1961 INTRODUCTIONS

PAL O MINE—(Becherer '61). Early Midseason. 34". (Palomino X Falstaff). Here is a beautiful new creation, cream-yellow standards and falls, with a solid border of orange around shirred large flower. Tan at hafts, semi flared, nicely ruffled with an eye-catching heavy tangerine-red beard. Substance good, and nicely branched. Fertile both ways. This is the last of Joe Becherer's line breeding. Only a few to be released. Net\$27.50

CELESTIAL JOY—(M. Olson '61). Seedling 58-20A. (Snow Flurry X Great Lakes) X (Snow Flurry X Cloud Castle) X Muted Music). Butterfly Blue self (Wilson 645/1). The smoothly-textured large blooms are beautifully proportioned. Firmly closed standards and semi-flaring falls are nicely ruffled. White beard on clean, wide haft. Good branching on sturdy 36" bloomstalk. Excellent substance. Midseason. Rated No. 1 as most popular seedling at the Kansas City Test Garden last season. Net\$15.00

GAY GEISHA—(M. Olson '61). Seedling 55-1B. (Hall 52-12 X Hall 52-07) X Color Carnival). Shell Pink (Wilson 516/3) standards, Imperial Purple (Wilson 33) falls, edged Shell Pink. Nicely proportioned 6" blooms have closed standards and slightly flaring falls, further enhanced by a bright full tangerine beard on wide hafts, good substance and non-fading qualities. Sturdy 32" bloomstalk, nicely branched. Blue-green foliage on a very vigorous plant. A hybridizer's dream, or a dreamy accent in any garden. Only a few to be released in '61. Midseason. H. C. '59. Net\$20.00

LILTING MELODY—(D. Palmer '61). Seedling 1058A (Fay 4944 X Mary Randall) X (Olson 50-10A X 5454D). Midseason, 35". A delectable laced and fluted flower with plenty of starch in its make-up. The delightful coloring is a luscious true pink (Pink Dawn-Maerz and Paul) with no hint of yellow or peach. It has a beard to match. The well-proportioned blooms have wide hafted flaring falls and firmly held standards. Has a sturdy stalk with three buds in every socket. A strong power, fertile both ways. An eye-catcher in our garden for the past two years. Truly a charmer. Limited stock. H. C. '58. Net\$25.00

SEAFAIR QUEEN—(Rex Brown '61). Seedling 56-40-2. Midseason, 32". (Queen's Lace X Sib to Crinkled Sunset). Beautiful new creation. Ivory-white standards and falls, with an edge of pale yellow around heavily laced flower. Beard pale yellow. Excellent form with closed standards and wide, flaring falls. Heavy substance and good branching. Net\$25.00

WHITE FROSTING—(D. Palmer '61). Seedling 1958D. (Swan Ballet X Henry Shaw). Midseason, 36". A crisp, glistening pure white flower of great substance. Has a white beard. Buds are tinted green, and retain the green on the underside of the falls after the bloom has fully opened. It reminds me of the thick frosty swirls of stiff well beaten cake frosting. The beautifully proportioned flowers have broad semi-flaring falls and well held arching standards. The whole bloom is delightfully ruffled and fluted. It has a strong, well-branched stalk and is a good "doer". H. C. '60. Net\$25.00

BRONZE FLARE—(Olson '60). Sdlg. 50-1D. (Mexico X Rocket). Closed standards are Buttercup Yellow (Wilson). Deep Yellow-Ochre (Wilson falls with matching beard, flare almost horizontally). Nice branching. Good substance, plus good growing habits. An eye-catcher for front-of-the-border. Late—32". H. C. '57. Net\$15.00

CHANCES ARE—(Schaan '60). Medium Late—38". (Apricot Seedling X Magic Mood). A luscious true Apricot self, appears to come from red undertones rather than orange undertones. The beard is same color as flowers, which makes it appear so clean and appealing. This is a new iris color, different from anything I have seen. Excellent branching, substance, and nice semi-flaring form. A beacon in my garden. Tested on the Pacific coast, it came through beautifully on a one-year clump. Best seedling of the show St. Louis '58. H. C. '59. H. M. '61. Net\$22.50

PINK FASHION—(Olson '60). Sdlg. 50-20A. (Floradora X Pink Formal X Hall's 47-29). Large Orient Pink (Wilson) self. Deep Pink beard enhances the beauty of the beautifully proportioned bloom. Closed standards, semi-flaring falls. Good branching on 36" stalk. Wonderful substance. Sturdy grower and good increaser. Proving a superb breeder. Midseason—36". H. C. '58. H. M. '61. **Net** **\$15.00**
